How do I make a return?

Securely pack and seal the unopened, original merchandise along with a copy of your original invoice in an appropriate shipping box or envelope. Send your order back to us using an insured service that provides you with a tracking number. (This will provide you with recourse on your package, as we cannot accept responsibility for packages that we do not ship ourselves.)

When will my credit card be refunded?

Once your package has been received and inspected, your refund will be processed in the original form of payment within 14 business days. You will be notified via email to the address listed on your account when this transaction has taken place. Please note that your banking institution may require additional days to process and post this transaction to your account. Returned orders that do not meet these minimum requirements, are NOT ELIGIBLE for a refund.
